# Research Data Support at OU Libraries

Overwhelmed by your research data?

**Research Data Support can help!**

We can help you to:

- *Find and re-use existing data*
- *Write a data management plan*
- *Safely back up data*
- *Create a file organization system*
- *Share data with collaborators*
- *And much more!*

Best Practices
Visit our website to learn best practices for managing your research data.
