

Oakland University
Environmental Health and Safety Minor Authorization
2017-18

This form is to be used to plan a program for a minor in *Environmental Health and Safety*. This minor is available to complement majors in the School of Health Sciences or in other programs at the University. A minimum course grade of 2.5 is required in all EHS courses applied to the minor.

This minor is also designed to support the *Master of Science degree in Safety Management* offered by the School of Health Sciences.
