### Bachelor of Science in Elementary Education: A Quick Guide to Understanding Your Degree

#### Upon Graduation You Will Earn

##### 1. Bachelor of Science (B.S.):

##### 2. Michigan Teaching Certificate:

Graduates will have the opportunity to teach all subjects in grades K through 5, all subjects in a K through 8 self-contained classroom, or in endorsed subject areas for grades 6, 7 and 8.

For subject area major and minor endorsement options see pages 3 and 4.

Applications due annually by the first Friday in February

The program is a field-based model in which topics and issues that make up the university curriculum are immediately put into practice in public school classrooms. Participation is required in an assigned public school classroom field experience each semester that students are enrolled in professional education courses. Students will complete a minimum of two urban and two suburban field placements.

# Understanding The Program Process

## Pre-Elementary Education Status

**Students in this status may only register for the following categories of coursework:**

- Math: MTH 061(0661) → MTH 062(0662) → MTE 210(2110) → MTE 211(2111)- depending on math placement
- Writing: WRT 102 (1020) → WRT 150(1050) → WRT 160(1060)- depending on writing placement
- General Education (see page 7)
- Major/Minor Endorsement Area(s) (see pages 3 & 4)
- **EED 312/313**(2000/2001)Public Ed for the Future (prerequisites are 3.0 GPA in WRT 160(1060)& 2.80 cumulative GPA)
- **SCS 105** (2060) Science for the Elementary Teacher (prerequisites are 3.0 GPA in WRT 160 (1060), 2.80 cumulative GPA, and Natural Science & Tech Gen Ed
- **EED 101** (1000) Careers in Teaching and Learning (recommended)

## Major Standing Status

Students are advised to apply for Major Standing as soon as they are ready, typically in the Winter semester of their sophomore year while they are enrolled in EED 312/313 (2000/2001). All documents can be found online here: [www.oakland.edu/sehs/advising/elementaryeducation](http://www.oakland.edu/sehs/advising/elementaryeducation). Completed documents must be submitted during a major standing appointment.

### Requirements Needed to Apply for Major Standing Status:

1. Completed Major Standing Application and Acknowledgement Form
2. Completed Experiences Working with Children form: **70** total hours of non-custodial experience working with 3 or more children, ages 4-14 years. Up to 50 hours completed within the last 3 years may be accepted. At least 20 hours must have been completed within the last year. For example, students who are applying to Major Standing in February, 2017 may use up to 50 hours completed between February, 2014 and February, 2017 towards the 70 total hours required. At least 20 hours must have been completed between February, 2016 and February, 2017.
3. 2.80 minimum cumulative GPA.
4. At least 12 credits of General Education coursework completed (2.0 minimum grade required in each course).
5. 2.0 minimum grade ("C") in MTH 062 (0662) (or placement out of MTH 062 (0662)).
6. 3.0 minimum grade ("B") in EED 312/313 (2000/2001) or be currently enrolled in EED 312/313 (2000/2001). Students who apply for Major Standing while enrolled in EED 312/313 (2000/2001) must earn the minimum grade required (3.0) in order to begin taking Professional courses. Students who do not earn the minimum grade required will be dropped from Major Standing and unable to begin Professional courses.
7. Passing score on all 3 sections of the Michigan Test for Teacher Certification (MTTC) Professional Readiness (Basic Skills) exam (Test 96). *Please note:* students must request that MTTC send their MTTC scores to OU. Students may use ACT or MME scores (from 1989 forward) to satisfy a section of the PRE according to the following chart:

#### ACT Score of:

Math = 22 or higher

Reading = 22 or higher

Combined English/Writing = 22 or higher

#### MME Score of:

Math = 1116 or higher

Reading = 1108 or higher

Writing = 1129 or higher

Students are responsible for providing official scores if your scores are not on file at Oakland University.  
See an adviser for any questions about using ACT or MME scores.

Students are encouraged to sit for the MTTC Professional Readiness (Basic Skills) test as early as possible in their academic career. Those who have satisfied MTE 210 (2110) and WRT 160 (1060) are typically well-prepared to pass the test. Go to **[www.mttc.nesinc.com](http://www.mttc.nesinc.com)** to see testing dates, register for the test, download a study guide and take a practice exam.

# Early Childhood Endorsement

The Early Childhood Endorsement program will allow a student to earn the “ZS” endorsement. The ZS endorsement gives students a specialty elementary endorsement in Pre-K through 3rd grade. Many school districts require teachers who teach these grades to have the “ZA” endorsement. The ZS is the State of Michigan Department of Education’s most current version of the ZA, as it prepares teachers to address the learning needs of children with developmental delays during the early years ([www.michigan.gov/mde](http://www.michigan.gov/mde)).

OU’s Early Childhood program is a cohort, meaning that the courses must be taken in a specific order that cannot be sped up or slowed down. A new cohort will begin each Fall semester for students who have been admitted to Major Standing. Students interested in joining the Early Childhood cohort must have completed all of their general education and endorsement (i.e. Language Arts Major) coursework prior to the start of Professional Education (Major Standing) courses. Please see the next page for the suggested term-by-term schedule plan.

Students in the Early Childhood program must complete a practicum in Oakland University’s Lowry Center for Early Childhood Education during their first and last semesters of the cohort. The student teaching placement for Early Childhood program students is in grades K through 3rd.

## Early Childhood (ZS Endorsement)

*May only be pursued in addition to the Language Arts major.*

**Major Only= 30 credits**

*3.0 minimum grade required in each course*

### Courses Required for Major:

- ☐ **EC 320** (3320) (*f*) Child Development (4 credits)
- ☐ **EC 332** (4960) (*f or w*) Practicum + Professional Seminar (3 credits)
- ☐ **EC 322** (3322) (*w*) Math & Science - Curriculum & Assessment (4 credits)
- ☐ **EC 324** (3324) (*w*) Language Arts, Literacy & Creative Arts - Curriculum & Assessment (4 credits)

- ☐ **EC 333** (4961) (*f or w*) Practicum + Professional Seminar (3 credits)

Complete MTTC subject test number 106– Early Childhood Education

## Choosing Your Subject Area Major

Students must complete at least 1 subject area major or 2 subject area minors. What to consider when choosing your subject area major/minors:

- Choose a subject area that is a strength and interest
- Choose an area that you would be excited to teach
- Integrated Science and Mathematics are high need subject areas that make students more marketable
- Students interested in teaching Pre-K-3rd grade should consider the Early Childhood Endorsement (with Language Arts)
- Students interested in teaching middle school should choose a subject area major and subject area minor
- Your academic adviser can help you find the right fit for your career goals and graduation timeline
