

Master of Arts in Cross-Disciplinary Studies (MACS)

Program Path:

IDS Type: Unrestricted IDS

Program Type: Foundational IDS Program

Description: The Master of Arts in Cross-disciplinary Studies (MACS) is an innovative, student-centered degree program designed to meet the needs of a modern workforce. Professionals today seek to take responsibility for their own education by making their own decisions on curriculum development and course selection and are not willing or able to leave a good job for full-time graduate study. MACS enables students to design their own graduate curriculum. Each MACS student will develop a unique combination of courses in perfect keeping with his/her academic background, professional aspirations, and personal interests. To meet the needs of working adults MACS is available via online course delivery. (From website.)
