

Master of Science in Social Responsibility

Program Path:

IDS Type: Departmentally Restricted IDS

Program Type: Foundational IDS Program

Description: This interdisciplinary master's degree in social responsibility addresses a citizen's responsibility to others, to society, and to the environment. It provides a solid academic foundation of the theory and practice of social responsibility, historically and contemporarily, within western and nonwestern cultures. It offers practical skills for involved citizenship at the local, state, national, and global levels within a democratic and culturally diverse context. (From website.) Prospective students *must* choose from one of the following three plans: Plan A—Thesis, Plan B—Starred Paper, or Plan C—Professional Portfolio.
