School year_____
SELECTION SHEET FOR READING RECOVERY STUDENTS

_____ _____ _____ _____
Date   School   Reading Recovery Teacher Signature   Principal's Signature

Process of selection:
1. List all students by text level starting with the lowest text level through highest text level.
2. Within the entire group, *identify all the students who have the MOST low stanines.*
3. Then, for those students with lowest stanines, circle the lowest six (6) raw scores for each task in columns A-F (TR, LID, Word, CAP, WV, and HRSW).
4. Record the number of low tasks in column G. Select the four (4) students with the most number of low tasks circled in column G.
5. Star (*) the selected students in the Reading Recovery Student Box.
6. Ask the principal to sign this form attesting to the fact that these are the four (4) LOWEST-performing students.
7. Send this form to the Teacher Leader BEFORE starting with students.
