

From 8/1/2018 to 7/31/2021 Oakland Community College and Oakland University signed an articulation agreement which allowed for more credits than usual to transfer for business students. During this timeframe Oakland University adopted a more transfer-friendly institutional policy allowing unlimited transfer credits from community colleges. Students wishing to transfer to OU are encouraged to follow the [transfer guide](#) to maximize their transfer credits.

The transfer guide shows all the major related courses needed along with information regarding completing general education requirements. Make sure to meet with OCC & OU counselors/advisers to discuss the best way to maximize your time, effort and money before transferring to OU. Please contact transferhelp@oakland.edu with any questions.
